“We are excited to bring PowerBeatsVR to the official Meta Quest store, making it even more accessible to people looking for an effective and enjoyable workout without any subscription,” said Dr. Niklas Weber, Creative Director of Five Mind Creations. “Our goal is to give everyone easy access to a challenging workout that is tailored to their needs and preferences, with no strings attached.”

PowerBeatsVR is a unique and immersive workout experience. With features like professionally designed workouts with leaderboards, a one of a kind workout generator for your own music, custom playlists, an intuitive workout editor, and real-time fitness metrics, PowerBeatsVR is the perfect tool for anyone looking to take their fitness to the next level. The app is designed to empower its users and give them back control over their workouts. The ability to use your own music as well along with the built-in workout generator gives you virtually unlimited workout options without paying for a subscription.

Whether users enjoy the app in short intense bursts or spend hours on end trying to beat their highscores and best fitness metrics, PowerBeatsVR will provide an effective and personalized workout.

The Meta Quest release of PowerBeatsVR has been optimized for optimal performance, with 72Hz on Meta Quest 1 and 90Hz on Meta Quest 2, to ensure a smooth and seamless workout experience.
