

Data2Cloud and PowerDMARC Expand Operations in Oman

PowerDMARC signs with Data2Cloud to expand operations in Muscat and continue its commitment toward providing email security and authentication services.

MUSCAT, OMAN, February 2, 2023 /EINPresswire.com/ -- Data2Cloud and PowerDMARC announced the expansion of their partnership in Oman. The two companies have signed an agreement to continue the journey they began two years ago, aiming to strengthen email security and provide exceptional email authentication services to businesses and government entities in Oman.

Data2Cloud is a cloud marketplace offering digital solutions and data center services to empower businesses in Oman and across the region. This partnership with PowerDMARC, a leading provider of [DMARC](#) and email authentication managed services including but not limited to SPF, DKIM, [MTA-STS](#), TLS-RPT, and BIMi, will change email safety in an environment where security becomes increasingly paramount.

The collaboration has already resulted in a range of innovative solutions that have helped organizations in Oman secure their emails and protect valuable data, and this new service will continue to enhance such security in the future.

The renewal agreement was signed on 1st of February, 2023, at the Data2Cloud office in Muscat. The expansion of the partnership is a significant step for both companies, and they are excited about the opportunities it presents for the future.

“This partnership enables both companies to cater to the growing need for high-end email security services,” said Asaad Al Said, CEO of Data2Cloud. “We will continue our journey that started two years back to provide cutting-edge email solutions and security services to companies across Oman. This is just one small part of the transformative digital services we

provide to organizations of all sizes.”

"Data2Cloud has been a valuable partner for us and we are excited to take our partnership to the next level," said Maitham Al Lawati, CEO of PowerDMARC. "We look forward to continuing to work together to provide the best email authentication solutions and services to our clients in Oman."
