Not only are they changing the way our economy is funded, they are saving hundreds of thousands of dollars for the artist in travel funds.

With musicians trained in major cities all over the country, Jaxen plans on reducing touring costs to the artist flying between locations. The label has already picked up short term rental properties to turn hotel costs into income for the label with the current ability to tour 8 major cities without hotel cost.

This label is 100% artist owned and operated and Jaxen believes they can keep up with the saturated market by saving money long term.

“

Being a part of the change is incredible, and we are just so proud to be doing gods work.”
