

GPARENCY Launches “Find A Lender” With Thousands of Top Nationwide Lenders Available Free to Members

National Prop-tech platform offers members unprecedented lender access

NEW YORK, NY, UNITED STATES, February 2, 2023 /EINPresswire.com/ -- [GPARENCY](#) -- a national commercial real estate prop-tech platform providing ground-breaking tools for finding and financing transactions – has launched “Find A Lender,” a comprehensive directory of nationwide lenders available to finance commercial properties through the entire spectrum of commercial real estate asset classes.

“Find A Lender is the only solution in the market that allows commercial real estate borrowers to generate a list of qualified lenders for their refinance or acquisition loan. Find A Lender includes over 3,000 lender profiles with information for users to directly contact originators. Filtered search results are sorted by a proprietary algorithm using transactional data to ensure borrowers see who can best close their loan. Users who aren’t GPARENCY members are limited to the top five lender results and don’t have access to most originator and lender profiles. GPARENCY members can access all lender profiles and have more robust filtering options. Find A Lender offers GPARENCY members an instant return on investment,” said Ben Schweitzer, GPARENCY, Co-Founder and Chief Product Officer.

“GPARENCY is committed to offering borrowers the most complete menu of mortgage banking services. Therefore, if a borrower does not want to personally shop for their own loan, our skilled and knowledgeable mortgage banking team will undertake that role for a modest \$4,000 fee,” said Steve Moskowitz, Head of Banking at GPARENCY.
