

Support American Heart Month with iData Research

VANCOUVER, BRITISH COLUMBIA,
CANADA, February 2, 2023

/EINPresswire.com/ -- iData Research, a global consulting and market research firm, is actively promoting American Heart Month. February is a time to raise awareness and focus on the importance of maintaining good cardiovascular health, as heart disease remains one of the leading causes of death in the United States.

In support, iData is making its sought-after [cardiovascular market research reports](#) more affordable and accessible by large and small companies alike during this February in order to donate a portion of the proceeds to the American Heart Association. The reports are as follows:

“

We believe in the importance of supporting American Heart Month and the American Heart Association so that we can work towards a future where heart disease is no longer a threat to our well-being.”

Dr. Kamran Zamanian, Senior Partner and CEO of iData Research
