*Gyrus proudly announced today that analyst firm Aragon Research had positioned Gyrus as a “Specialist” in the Aragon Research Globe™ for Corporate Learning.*

RICHMOND, VIRGINIA, USA, February 6, 2023 /EINPresswire.com/ -- Gyrus Systems, a leader in the [Learning Management Systems \(LMS\)](#) industry, proudly announced today that analyst firm Aragon Research had positioned Gyrus as a “Specialist” in the Aragon Research Globe™ for [Corporate Learning](#), 2023. The report identifies GyrusAim™ Learning Cloud as part of Gyrus Systems' Learning Management System (LMS).

The Aragon Research Globe is a market evaluation tool that graphically depicts

Aragon Research's evaluation of a specific market and its component vendors. The Globe for Corporate Learning evaluated providers across three different dimensions:

Strategy, which reflects the degree to which a vendor has the understanding and strategic intent that is at the forefront of market direction.

Performance, which represents effectiveness in executing a vendor's defined strategy. This includes supporting the product or service through its lifecycle.

Reach, is a measure of the global capability that a vendor can execute. Reach is defined as being national, international, or global in nature.

GyrusAim™ Learning Cloud is an award-winning LMS that enables enterprises to manage training and development objectives (Instructor-Led Training, eLearning, blended and live classroom) from training assignments, delivery, and effectiveness. Additionally, enable AI-driven learning environments for learners and administrators with the latest UI/UX that match the LXP experience.
