Commenting on the results of the 2023 Legal Innovation Awards, David Chapman, Zylpha Sales & Marketing Manager:

"Over the last 12 months we have released [online document bundling](#) solutions that cater for users of all abilities and productivity levels, regardless of location and budget, which have been favourably received by both existing and new users. It's been a fantastic year for the team here at Zylpha, but of course the real benefits are ultimately felt by our clients, and their clients alike.

The Zylpha Annual Innovation Awards show our appreciation for our clients' loyalty but are also in recognition of their document bundling achievements throughout the year too. We would of course like to be able to give everyone an award, but we do have to narrow it down to just 5 overall winners.

So, on behalf of everyone here at Zylpha, I would like to offer my warmest congratulations to each of the worthy winners, as we look ahead to what the next 12-months will bring, and how we can continue to make lawyers' lives easier, through the smarter use of technology".
