

The Mitigation Banking Group Launches MitigationBankSearch.com

The Mitigation Banking Group, Inc. unveils mitigationbanksearch.com, a pioneering tool to find wetland mitigation credits throughout the U.S.

WINTER SPRINGS, FLORIDA, USA, July 6, 2023 /EINPresswire.com/ -- The Mitigation Banking Group, Inc. (MBG), is a leading provider of mitigation credits throughout Florida. Victoria

Colangelo, CEO of MBG, has extensive experience marketing and selling mitigation credits from mitigation banks throughout Florida. Throughout the years, she has learned that there is a need for a tool to help landowners throughout the United States to find mitigation credits that can be

“

Our user-friendly search engine helps customers find the mitigation credits they need quickly & easily, reducing time & complexity.”

purchased based on their specific location. Mitigation Banks have a service area that is watershed specific, and therefore, your precise location, will affect the availability, pricing, terms, and other variables depending on which watershed the property is located in. Therefore, thank you to [Clearview Geographic, LLC](#), we announce our official launch of this innovative new platform, [Mitigation Bank Search](#). This cutting-edge website is designed to simplify the search for mitigation banks for various organizations and individuals and is a one-stop platform for accessing information about mitigation banks in the United States.

[MitigationBankSearch.com](#) is a first-of-its-kind search engine tool in the mitigation banking industry, which allows prospective buyers to search by their precise location to identify potential mitigation credits in user-friendly search results. The search engine tool is part of MBG’s suite of services designed to streamline the mitigation credit buying process and help customers quickly identify available credits.

The website features an easy-to-use interface that makes it simple for users to search for banks by precise location. Users can access comprehensive information about which mitigation banks can service their property, including their status, availability of mitigation credits, the types of

mitigation credits they offer, the agency who mandates the permitting; and the drainage basin/hydrologic unit codes for the property. This information is updated in real-time to ensure that users always have access to the most current information. Additionally, the website offers an interactive map that makes it easy for users to find banks in their area.

Whether you are a regulatory agency, landowner or environmental consultant who needs to obtain mitigation credits to compensate for the environmental impacts of your projects, Mitigation Bank Search is the ultimate resource for you. The platform is designed to simplify the process of purchasing mitigation credits, particularly for those who have just purchased a property that they were hoping to build on, only to find that a wetland habitat is on the property.
