

# Tiffany Harbour appointed senior adviser for cybersecurity at Access Partnership

LONDON, UNITED KINGDOM, February 7, 2023 /EINPresswire.com/ -- Access Partnership recently appointed Tiffany Harbour, PhD, as Senior Adviser for [Cybersecurity](#). Dr Harbour will be working across the entire client portfolio, delivering cutting-edge services and implementing new product offerings.

Previously Senior Vice President for International Public Policy at Bank of America, Dr Harbour is an accomplished executive leader with over two decades of experience in merging technical acumen with strategic planning, risk mitigation, and global policy expertise. She specialises in international cyber policy, data flows, privacy, and [technology](#) developments, using her expertise to facilitate policy efforts and harness partnerships across the financial sector, defence, and trade associations, as well as with clients, to further business initiatives.

Dr Harbour has served as a subject matter expert, trusted advisor, and confidant to organisational partners across the corporate and intelligence sectors.

'I am very excited to join a leading tech policy firm like Access Partnership', she said. 'I am inspired by the work the teams do across the technology, cyber policy and fair tech sectors, and their reputation precedes them. My goal will be to identify hidden opportunities and develop the related innovative solutions by collaborating with key stakeholders within AP'.
