Fruit concentrate holds minerals, vitamins, and other nutrients which are likely to positively influence the market demand for fruit concentrate among consumers. The surging popularity of convenient and tasty food and beverage products are expected to enhance the fruit concentrate market. With the rising demand for flavoured food products and increasing investments by large international companies, the market growth of fruit concentrate is expected to grow over the forecast period.

### Fruit Concentrate Industry Definition and Major Segments

Fruit concentrates are concentrated versions of fruits with water extracted from the original fruit, through an advanced filtration and extraction process. They retain the flavour, calories, and sugar, but lose volume and fibre. Fruit concentrates are generally utilised as base stock for different food products, and have increased applications with greater shelf-life. By removing water, bacterial growth is slowed down, extending the shelf-life.

Based on fruit type, the market is segmented into:

- Citrus Fruits
- Red Fruits and Berries
- Tropical Fruits
- Others

By form, the market is bifurcated into:

- Liquid Concentrate
- Powder Concentrate

On the basis of application, the market is classified into:

- Beverages
- Confectionery
- Bakery
- Dairy
- Others

Based on distribution channel, the market is segmented into:

- Hypermarkets and Supermarkets
- Convenience Stores
- Speciality Stores
- Online Stores

### Fruit Concentrate Market Trends

The increasing consumption of liquid fruit concentrate is expected to enhance the fruit concentrate market growth as it blends easily with any product. Its role as a flavouring agent is on the rise, with greater demands for fruit-flavoured bakery products, yogurts, deserts, and beverages. Due to the rapid growth of the food and beverage industry and changing food preferences of consumers, the market for fruit concentrate is expected to grow over the coming years.

Geographically, the North American region is anticipated to drive the fruit concentrate market growth on account of the surging demand for natural food products. The increasing health consciousness among consumers and rising demand for minimally processed fruit concentrates are expected to push forward the market growth of fruit concentrate across the region. The presence of key market players like Ingredion Inc., and SunOpta, among others are likely to promote the market growth of fruit concentrate in the North American region.

Meanwhile, Europe is anticipated to gain momentum over the coming years in the growth of the market for fruit concentrate on account of the increasing demand for ready-to-go fruit-based drinks along with the growing beverage industry in the region.
