

# Pain Relief International helps Dubai UAE workers get more out of life

*Pain Relief International's mission is to help people achieve a healthy pain-free life.*

HEBER CITY, UT, UNITED STATES, February 8, 2023 /EINPresswire.com/ -- Pain Relief International distributed 3500 Drug-Free nano technology pain relief patches to the workers in Dubai over a 5-day period.

The patches helped the workers with all types of challenges, from foot and ankle pain, back pain, hand pain headaches and everywhere in between.

Pain Relief International distributes 3500 nano-tech patches to workers

One worker said: "How is this possible, I've had this chronic shoulder pain for years, and now it's gone, thank you for this amazing gift."

“

How is this possible, I've had this chronic shoulder pain for years, and now it's gone, thank you for this amazing gift.”

*One worker said*

Pain Relief International's mission is to help people achieve a healthy pain-free life. One way we are accomplishing this is by distributing reusable drug-free patches that can be shared with others. These patches do not require any power source or costly accessories to use them and can last for years. The patches are very easy to use, and could change lives for the better.
