

# Highlights from the Construction Links Network platform this week - February 9, 2023

*Canada's ONLY content sharing platform for the construction, building and design community*

SUNDRE, ALBERTA, CANADA, February 9, 2023 /EINPresswire.com/ --

Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

[Top news has Statistics Canada reporting](#) that building permits in Canada decreased 7.3% in December to \$10.3 billion. Declines were posted in both the residential and the non-residential sectors. Construction intentions in the single-family homes component decreased 3.9% while multi-family permit values fell 11.6%, with seven provinces posting declines. Construction intentions in the industrial sector decreased 23.4% in December, following a record high in November.

[The top video is courtesy of Ponts Jacques Cartier Champlain Bridges](#) who have produced a time-lapse video showing all the work done for the deconstruction of the original Champlain Bridge, from November 2021 to November 2022.
