Trending Architectural Metal Coatings Market Trend

Technological advancement is a key trend gaining popularity in the architectural metal coating market. Major companies in the architectural metal coating market are advancing towards sustainable and eco-friendly coatings to protect the health of the users and the environment. Architects and specifiers are looking for architectural metal coating alternatives that combine sustainability, toughness, and a wide range of colors. For instance, in September 2021, Allnex, a Germany-based chemical manufacturing company that produces industrial coating resins and additives for architectural, industrial, protective, automotive and special purpose coatings and inks, launched ECOWISE CHOICE. ECOWISE CHOICE is an environment-friendly product line for use in construction and home decoration. By utilizing ecologically friendly technologies like waterborne, UV-curable, powder, and formaldehyde-free crosslinking solutions, Allnex is focused on enhancing its presence in sustainability of buildings worldwide.

[Architectural Metal Coatings Market Segments](#)

- By Resin Type: Polyester, Fluoropolymer, Polyurethane, Other Resins
- By Coil Coating: Roofing and Cladding, Wall Panels and Facades, Fascia and Soffits, Other Coil Coatings
- By Extrusion Coating: Curtain Walls, Store Front, Doors and Windows, Other Extrusion Coatings
- By Geography: The global architectural metal coatings market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.

Architectural metal coatings extend the architecture's longevity and protect it from the environment by providing a protective layer to the surface. Metal coatings are utilized in renovations and are simple to keep and clean. Indoor wall and ceiling coverings can be made of metallic coatings. Metal coatings, especially exterior coatings, offer excellent protection against UV rays. Architectural metal coatings are used to coat pavements, curbs, portable buildings, stationary structures, and their appurtenances at the installation site, and permanent structures.

Architectural Metal Coatings Global Market Report 2023 from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Trends, opportunities, strategies and so much more.

The Architectural Metal Coatings Global Market Report 2023 by The Business Research Company is the most comprehensive report that provides insights on architectural metal coatings market size, drivers and trends, architectural metal coatings global market major players, competitors' revenues, market positioning, and architectural metal coatings market growth across geographies. The architectural metal coatings global market report helps you gain in-depth insights on opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.
