In his new book, "[Winning The Game: The Keys of Transformational Success in Business and Life](#)," he shares his insights on how to achieve success in both personal and professional life by turning one's purpose and vision into a game. "Winning The Game" outlines seven keys to transformational success: Rise up, Self!; Charting Course; Eating the Elephant; Setting the Sails; Soaring Higher; Weathering the Storms; and Being the Captain. Chris uses personal stories and relatable anecdotes to demonstrate how these keys can be applied to real-life situations and help individuals achieve their goals.
