

Babyletto Launches New Organic Cotton Nursery Bedding Category

LOS ANGELES, CALIFORNIA, UNITED STATES, February 15, 2023

[/EINPresswire.com/](https://www.einpresswire.com/) -- The award-winning nursery furnishings brand [Babyletto](https://www.babyletto.com/) is celebrating the launch of a refreshed bedding category made with 100 percent organic muslin cotton and five hand-drawn designs by Clementine Kids. This bedding achieves renowned Global Organic Textile Standards (GOTS) Certification, meeting stringent environmental criteria and social responsibility standards along the entire supply chain process.

Made with cotton fibers grown without chemicals, pesticides or GMOs, the muslin weave is lightweight and breathable, making it a sustainable choice for parents looking for a bedding option that will last as their baby grows and become softer with each wash.

Parents will find bedding available in the following sizes:

[Mini and Full-Size Sheets](#)

[Bassinet and Midi](#) Sheets for the best-selling Yuzu 8-in-1 All-Stages Crib Swaddles, Quilts and Changing Pad Covers

These new design patterns include delicate daisies, playful rainbows, trendy terrazzo, soothing olive branches, neutral oat stripes and an additional solid white option. Babyletto will release a special women in history print honoring incredible female achievements this March during Women's History Month with additional designs to come in 2023.
