

Highlights from the Construction Links Network platform this week - February 16, 2023

Canada's ONLY digital content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA, February 16, 2023 /EINPresswire.com/ --

Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top news has Statistics Canada reporting that [investment in building construction decreased 1.3% to \\$20.2 billion](#) in December. The residential sector declined 2.1% to \$14.6 billion, while the non-residential sector was up 0.8% to \$5.6 billion. Industrial construction investment increased for the 13th consecutive month, up 2.1% to \$1.1 billion. Commercial construction investment remained relatively stable for the month. Institutional construction investment increased 1.5% to \$1.4 billion and has remained around this value since October 2021.
