COVID-19 Scenario:

□ The outbreak of the COVID-19 pandemic had a positive impact on the growth of the global procurement-as-a-service market, owing to the occurrence of lockdowns in various countries across the globe.

□ Lockdowns resulted in the closure of various commercial work places and businesses due to the stringent social distancing restrictions imposed by the government.

□ Thus, people and companies across the globe were increasingly inclining towards remote working and work-from-home standards, which significantly boosted the growth of the market.

□ Moreover, with the outbreak of COVID-19, businesses have been forced to shift their attention and increase their online presence, needing to rely on digital solutions more than ever post the pandemic. Therefore, the market is expected to grow exponentially in the coming years.
