

Ecosmob Technologies Introducing MVNO Billing Solutions as Service

Ecosmob announces its more innovative MVNO billing services.

AHMEDABAD, GUJARAT, INDIA, February 18, 2023 /EINPresswire.com/ -- Ecosmob, one of the well-renowned software services providers introducing [MVNO billing solutions](#) as service for MVNOs. Mobile Virtual Network Operators (MVNO) usually provide prepaid and postpaid plans to their subscribers. They are a reseller of mobile products and services from a real operator, but under a different brand.

Since MVNOs need to pay a part of their earnings to the MVNE or carrier and fix rates, they look for smooth billing integration to maintain their financial health. With out-of-box, carrier-grade MVNO billing solutions as a service, Ecosmob can assist MVNOs.

Using MVNO billing solutions as a service offered by Ecosmob, MVNOs can benefit in several ways:

- Carrier-grade and real-time billing services for prepaid and postpaid
- User-friendly interface
- Easy and seamless integration with network elements
- Multi-language, multi-currency support on a single billing platform
- Less maintenance required
- Easy customization and scalable

When asked about MVNO billing solutions as a service, Ruchir Brahmbhatt, co-founder and chief technology officer at Ecosmob Technologies said, "We are enchanted to offer superior quality MVNO billing solutions as a service. Being an [MVNO solution provider](#), Ecosmob team of professionals ensures top-notch quality and differentiated service to the clients. Ecosmob can deliver customized solutions to meet the precise needs of clients."

"MVNO billing solution as a service allows MNVOs to implement their own plans and promotions. They can further introduce new fully-branded telecom services and operations. They can also regulate rates and charges in real-time. Professionals understand the needs and requirements of MVNOs and provide solutions to ensure the MVNOs bill their customers accurately and generate more revenue." he added.
