[The Home Care Aide Council, Inc.](#) (formerly the Massachusetts Council for Home Care Aide Services, Inc.), founded in 1967, is a nonprofit trade association established to promote the growth of home care aide services, encourage the provision of quality care, and provide information about the service. The Council is committed to enhancing quality of care throughout the

home care industry by focusing on the advancement of the home care aide workforce.

"The Home Care Aide Council is the established association that represents home care aides and agencies across the Commonwealth. During the pandemic, they demonstrated leadership within our industry when we, like other healthcare service providers, were in chaos and desperately trying to find avenues to bring services to our vulnerable clients at home. At the time, Right at Home was serving almost 1,000 elders every week in their homes. We were committed to serving clients without transmitting COVID-19 because they need us for the basics of life...meal preparation, medication reminders, and personal care. If we weren't there to help them, who would be? Our clients have Alzheimer's and dementia and suddenly we were all directed to stay home. Our workforce was essential and could not. The Home Care Aide Council interfaced with the Executive Office of Elder Affairs and kept us in the loop regarding the unrelenting efforts of the Baker administration. I will be forever grateful for their leadership, so I decided it was time to give back to this organization and our services industry here in the Commonwealth," states Rosaleen Doherty, owner of Right at Home.

Right at Home Boston and Maine is a family owned home care agency that was started in 2002

by Rosaleen Doherty and husband and business partner, Jay Kenney in 2002. They are Marblehead residents and the business is currently headquartered in downtown Salem, MA. They have expanded in their 21 years serving seniors with home care services with offices in Malden and Haverhill, Massachusetts. In 2022, they opened their first office in the [Portland, Maine area](#).

Rosaleen is excited to serve in this board capacity and looks forward to the Council being a voice for the home care workforce and Massachusetts seniors who want to remain at home.

About Home Care Aide Council, Inc.

The Purpose of the Council is to:

Establish Standards of Best Practice for Home Care Aide Services in Massachusetts for certified, non-certified and private pay home care agencies

Develop publications and other resources home care agencies can use to ensure that their organizations comply with laws and regulations governing home care aide services

Inform our members of changes to home care aides policies and procedures on both the state and federal levels which impact their operations

Advocate for the needs of the home care aide workforce at the state, federal and local levels

Partner with the workforce development community to provide access to career development opportunities and grants to the home care aide workforce

Educate our leaders on the needs of the home care industry (including home care aides, home care clients, and home care agencies) and the link between the workforce and quality of care

Provide education and training opportunity to our members and their staff
