

Otterbein SeniorLife Partners with Perennial Advantage of Ohio, Inc. to Enhance Outcomes for Senior Living Residents

Collaboration offers opportunities for increased participation in value-based care model

COLUMBUS, OHIO, USA, February 21, 2023 /EINPresswire.com/ -- Otterbein SeniorLife has recently joined Perennial Advantage of Ohio, Inc., an operator-owned Medicare Advantage Special Needs Plan. Otterbein launched the Perennial program in nine of their locations starting January 1, 2023. With this partnership, Perennial Advantage will now operate in 40 [senior living](#) communities across Ohio.

Perennial Advantage, a member of Perennial Consortium LLC, offers enhanced care for residents of nursing homes, assisted living facilities, and independent living communities by providing on-site care teams of dedicated healthcare professionals for residents. These teams will work together with each facility's existing staff to enhance quality care for residents. Otterbein SeniorLife is Perennial Consortium's 9th partner since becoming a health plan in 2019.

Since 1912, Otterbein SeniorLife has focused on providing high-caliber care and services to senior residents through the company's non-profit health and human resources organization. As the Otterbein organization continues to grow, so does the diverse population of senior living residents that they serve. Today, Otterbein has nine full-service senior care communities, nine skilled nursing and rehabilitation neighborhoods, a home health organization, and two hospice care organizations located throughout Ohio and in Franklin, Indiana.

"We are excited to collaborate with an organization that shares our longstanding commitment to a values-based care model for residents of senior living facilities," said Jill Wilson, CEO Otterbein SeniorLife. "Together with Perennial Advantage, we will increase access to the highest quality of compassionate care that our seniors expect and deserve."
