Total Defense Essential Anti-Virus is easy to install, and presents a very simple program interface that makes the most important functions easy to find. In the functionality check, external USB drives were automatically scanned on connection, and highly sensitive on-access protection proactively deleted malware on a network share as soon as it was opened in Windows File Explorer. Help articles are clear and well illustrated.

Comparatives is a guarantee of an effective and reliable product. An “Approved Product” award means that the software has been rigorously checked to ensure that it will perform its intended task competently. It is an industry-recognised standard of quality.

AV-Comparatives’ tests have multiple aspects, to represent the different requirements of IT security solutions. Further awards highlight the effectiveness of individual programs in different protection scenarios, low false positives, and low impact on system performance. Users can thus see which programs score highly in the categories that matter most to them.

AV-Comparatives is an independent testing lab based in Innsbruck, Austria, that tests IT security products to see if they live up to their promises. AV-Comparatives is ISO 9001:2015 certified, having received a certificate from TÜV Austria for the scope “Independent Tests of Anti-Virus Software”. AV-Comparatives is also the first av-test organisation to be certified by European Expert Group for IT-Security (EICAR) as an EICAR Trusted IT-Security Testing Lab.
