100 Grumpy Animals

"100 Grumpy Animals" is not your typical children's book. It's not about rainbows, sunshine, and happy endings. It's about the other side of life, the grumpy side, and how we can all learn to laugh at ourselves and our grumpiness. Joe's book has struck a chord with readers who appreciate the humor in life's not-so-great moments.

"When I first started drawing grumpy animals for my kids, I never thought it would turn into a book, let alone a bestseller," says Joe. "But I'm so grateful for

the opportunity to share my humor with the world and to connect with readers who appreciate a good laugh. It's been an incredible journey, and I can't wait to see what the future holds."

Joe's grumpy animals have since been turned into t-shirts, wall art and even coffee mugs. If you're looking for a book that will make you laugh out loud and brighten your day, "100 Grumpy Animals" is the perfect choice. It's a hilarious, irreverent, and heartwarming collection of cartoons that will appeal to anyone who's ever felt grumpy.
