

# Albert Mkhitaryan Talks About The Launch Of The New & Loaded Version Of The Photo Booth

*"Each of our photo booths is designed to justify your purpose. And we make sure to do it in the best possible manner", says Albert.*

ORANGE COUNTY, CALIFORNIA, UNITED STATES, February 21, 2023 /EINPresswire.com/ -- Since clicking pictures has become a trend now, there are more than countable devices that support it. And the most exclusive option is the photo booth, which makes people buy it not just for personal use but for their parties and events. Thanks to Albert Mkhitaryan, clicking pictures is not just limited to smartphones or cameras. The event photo booths have also been set in motion now.

Photo booths are designed uniquely on technicalities and features. "Each of our photo booths is designed to justify your purpose. And we make sure to do it in the best possible manner", says Albert. You can choose from a wide range of options that have contrasting features. Just like every event or party has its own theme, in the same way, each photo booth comes with a theme that compliments your purpose of buying it.

Some people might think a photo booth can't serve more than one event. Well, Albert makes it very clear when he speaks about their features that are loaded and top-notch to make it a must-have. With the successful and positive response after their other models, Albert is all set to launch his new [product](#), which carries extra features. The new product has already started creating curiosity among buyers because of its lightweight feature and the new 24-megapixel camera. With the new photo booth, you can capture your happy memories in high quality that

will surely make them memorable.

The new launch is going to be a hit in the market because of its 20-inch screen, which is bigger than ever and will make it easy for users and buyers to gaze at their own pictures. You can now [buy a photo booth](#) which has all the qualities you asked for.

Albert also talks about how happy he gets when he sees people capturing moments while he is wholeheartedly trying to come up with a new way each time for them. "The new product will be a loaded version of all the previous versions and is going to be a runaway success," says Albert without ball gazing.
