Civitas Resources partners with Clean Connect AI Inc. for emissions detection and operational intelligence

“Civitas Resources has been an integral partner for the Clean Connect AI ecosystem. We are thrilled to work together in our mission to continue to identify and address leaks and reduce our industry’s emissions,” says Luke Coats, co-founder of CleanConnect.ai.

We’re constantly leveraging the latest technology, particularly around air emissions, to fulfill our carbon neutral commitment and lessen impacts”

*Kathy Steerman, Civitas’
Director of Air Programs*

Clean Connect is the only government approved solution on the market that allows producers to replace their manual LDAR inspections with [autonomous LDAR](#). Enabling the entire Autonomous365 Suite unlocks autonomous operations.

“Our commitment to environmental sustainability drives our corporate culture and ESG goals across the entire

organization,” says Kathy Steerman, Civitas’ Director of Air Programs. “We’re constantly leveraging the latest technology, particularly around air emissions, to fulfill our carbon neutral commitment and lessen impacts.”

The Autonomous365 computer vision suite solves numerous operational & environmental problems including autonomous LDAR, PPE detection, fire & smoke detection, ECD monitoring, compressor monitoring, tank-level monitoring, autonomous gate guard, and much more.

About Civitas Resources, Inc.

Civitas Resources, Inc. is Colorado's first carbon neutral oil and gas producer and is focused on developing and producing crude oil, natural gas, and natural gas liquids in Colorado's Denver-Julesburg Basin. The Company is committed to pursuing compelling economic returns and cash flow while delivering best-in-class cost leadership and capital efficiency. Civitas is dedicated to safety, environmental responsibility, and implementing industry leading practices to create a positive local impact. For more information about Civitas, please visit
