

Introducing Crypto Payment Processing: The Newest Feature of Corypay's One-Stop Payment System

Corypay, the innovative one-stop payment system, is proud to announce the addition of crypto payment processing to its already extensive list of capabilities.

LONDON, UK, February 23, 2023

/EINPresswire.com/ -- Corypay, the innovative one-stop payment system, is proud to announce the addition of crypto payment processing to its already extensive list of capabilities.

This new feature allows users to easily and securely make transactions using a variety of popular cryptocurrencies, including Bitcoin, Ethereum, and Litecoin.

“

The addition of crypto payment processing to Corypay's platform allows for greater flexibility and convenience for our users, making it even easier to make purchases, pay bills, and transfer funds.”

Dmitrii Miliukov, CEO of Corypay

“With the increasing popularity and [adoption of cryptocurrencies](#), we recognized the need to provide our users with the ability to make transactions using their preferred method of payment,” says Dmitrii Miliukov, CEO of Corypay. “The addition of [crypto payments](#) processing to Corypay's platform allows for greater flexibility and convenience for our users, making it even easier to make purchases, pay bills, and transfer funds.”

Corypay's crypto payment processing feature is fully integrated into the platform and is simple to use via Personal cabinet and API. Users can select their preferred cryptocurrency as the payment method, and the

transaction is processed securely and efficiently. The feature also includes real-time conversion rates, making it easy to see the value of the transaction in both the selected cryptocurrency and the local currency.

"We are excited to offer this new feature to our users and are confident that it will greatly enhance their experience with the Corypay platform," says Viacheslav Bondarenko, co-founder at Corypay.
