

# CEO of Capital Finance, Sebastian Celea Announces Impressive 2022 Financial Report

LONDON, UK, February 24, 2023 /

EINPresswire.com/ -- Sebastian Celea, CEO of Capital Finance, recently announced the publication of the financial report for 2022, showing a remarkable turnover of 15,393,976 pounds sterling. The publication of the 2022 financial report confirms Capital Finance and Sebastian Celea's strong position as a leader in the financial industry. This growth trend is expected to continue in the coming years, thus contributing to the development and consolidation of the financial industry worldwide.

Despite the difficult economic conditions in recent years, Capital Finance has managed to remain strong and continue its growth due to the strategic approach adopted by Celea. His successful merger with Rota Capital, an investment firm with a solid reputation in the financial industry, allowed him to be included in Forbes Monaco's list of the world's most influential business people.

In a recent interview, Celea stated, "I am very proud of Capital Finance's financial performance and the contribution we are making to the development of the financial industry. We are committed to providing quality financial services and staying up to date with the latest trends and technologies in the field."

With a turnover that continues to grow, Capital Finance is expected to become an important player in the financial industry and continue to consolidate its market position. The company's dedicated team provides financial services and helps clients to achieve their financial goals.
