The key highlights of the report include:

Market Overview (2018-2028)

- Forecast CAGR (2023-2028): 4.3% (Condiment Market)

The growth of global mostarda market is primarily driven by the increasing demand for flavoured condiments. Further, the factors such as increasing health awareness in the consumers, demand for sugar free, artificial colour and preservative free products is pushing the growth further. Additionally, increasing utilisation of natural products and sweeteners pushes

the growth further. The demand for the natural vitamin rich fruit juices over aerated drinks also aids to the growth. However, presence of high amount of fructose may act as a restraint for the mostarda market.

## Industry Definition and Major Segments

Mostarda is an Italian candied fruit condiment prepared from fresh or dried fruit and mustard flavored syrup. Commercial product utilises mustard oil instead of mustard flavoured syrup. It is commonly known as mostarda di cremona or mostarda di frutta and has tangy, fruity and jam like flavours. Owing to the usage of mustard seeds and dried fruits it has a good shelf life.
