

Dialog Selects SDMC to Power its Smart Home with Next-Gen Wi-Fi 6 Mesh Routers

BARCELONA, SPAIN, February 28, 2023 /EINPresswire.com/ -- [SDMC](#) (MWC 2023 stand 2B20 in Hall 2), the leading solution provider of smart home ecosystem, together with Dialog Axiata PLC, Sri Lanka's Premier Connectivity Provider, announced that they have launched next-gen [Wi-Fi mesh routers](#) to power Dialog Smart Home solutions and secure whole-home Wi-Fi coverage.

With the deployment of Dialog Smart Home, Dialog demands faster, more reliable, and more secure connectivity for the growing Sri Lankan market. The Wi-Fi Mesh solutions, as part of its Smart Home portfolio, include two models, one is a Wi-Fi 6-enabled AX1800 mesh router with speeds of up to 1201Mbps on 5GHz and 574Mbps on 2.4GHz band for total 1800Mbps simultaneously, and the other model is the AC1200 mesh router that offers speeds of up to 1,200Mbps.

Both routers adopt MediaTek chipsets and support OFDMA, MU-MIMO, and EasyMesh technology, creating a seamless and reliable Wi-Fi system throughout the whole house and enabling a consistently strong Wi-Fi signal and speedy connection for a large number of connected devices at home, or even in meeting room, auditorium, and hotel. Therefore, everyone can work online efficiently, enjoy lag-free games or watch high-definition videos smoothly.

David Li, CEO of SDMC Technology, said, "We're so proud that Dialog continues to trust SDMC as the primary partner to expand its broadband business and smart home solutions. We are confident that the products and solutions we developed for Dialog, will unlock the potential of their wireless network, deliver a superb user experience, and significantly contribute to their business."

Speaking on the partnership, Lasantha Theverapperuma, Group Chief Operating Officer of

Dialog Axiata PLC commented “Dialog is pleased to partner with SDMC Technology to welcome the future-fit Wi-Fi Mesh solution to Sri Lankan homes. Wi-Fi connectivity has become the heart of homes and offices, and Dialog is pleased to introduce Wi-Fi Mesh, a device specifically designed to ensure dependable and strong Wi-Fi connectivity in any room of your home or office. Along with the dedicated Smart Home Mobile App, this latest offering by Dialog Smart Home facilitates consistent and highly secure Wi-Fi connectivity, while providing the foundation for your future smart home devices”.

The Wi-Fi Mesh devices are available now via www.dialog.lk/smarthome or at selected Dialog Experience Centres in Sri Lanka.

Welcome to visit SDMC in Barcelona from 27th February to 2nd March and experience our live demo at MWC2023.
