2023 Horse World Expo Features Gaited Professional,  
Carl Bledsoe

The clinician line up for 2023 includes Carl Bledsoe, a naturally gaited horse professional. Carl and his wife, Tammy, live in Talking Rock, Georgia. They are the co-founders of [Carl Bledsoe Horsemanship](#). Carl Bledsoe knows horses. He was born into, raised up in, and has spent his life working in the horse world. Carl is a 3rd generation horseman and a second generation trainer of Champion and World Champion Tennessee Walking Horses which he has since moved away from. He is now an advocate for the sound Tennessee Walking Horse and other gaited breeds and has declared, "I choose the horse." His past is a key component in who he is today because it has completely molded and shaped him into the horseman he has become. Carl's focus is classical horsemanship training for the horse and rider of all breeds and disciplines. He specializes in gaited horse breeds.

Carl shares these insights into his work. "As you all know, horses are my passion, but gaited

horses truly have my heart because they are so incredibly misunderstood. It is our mission to educate the gaited world and share our philosophy for the horse's sake. We set apart the gaited breeds from the other breeds because of their locomotion. The very thing that makes them so popular, which is a smooth ride, has turned into a competition to see which trainer/clinician can do it the fastest and easiest using shortcuts and subjugation. When this happens, the horse pays the ultimate price.

What's in it for the horse? We encourage every person we encounter to ask this question when working with these majestic creatures. Even in ancient times, superb horsemen realized what made a good horse was not the constant changing and addition of equipment, but understanding the key to success was patient training and consistent handling. My goal for the horse is to have it read my intention and understand."

“

True horsemanship is about understanding, empathy and helping the horse feel safe in his surroundings. I want to be the best I can be for my horses. They deserve the best."
