

Go Dharmic Continues Efforts To Support Earthquake Relief in Turkey & Syria

To Protect Victims from Bitter Night Temperatures

LONDON, ENGLAND, UNITED KINGDOM, February 28, 2023 /EINPresswire.com/ -- The magnitude 7.8 earthquake that has hit Turkey and Syria has caused widespread devastation, with the official death toll passing 11,200 and set to rise further. Rescue teams are still searching desperately for survivors and thousands of people have lost their homes and their livelihoods.

[Go Dharmic](#) is continuing to raise funds to support relief efforts in the earthquake zone, where families are in desperate need of food, shelter, and ways to keep warm in bitter night-time temperatures of -6C. The funds will be used to purchase aid to provide much-needed support for the victims in both countries and help those who may be further displaced in Syria.

"The centers of the cities look like scenes from a Hollywood movie. The destruction is unimaginable on a massive scale. The catastrophe that has affected Turkey and Syria has destroyed the lives of thousands of civilians. In the region, no one can hold back the tears while the air smells of blood. Hard-working civilians have become homeless overnight while the children are orphaned. In the region, much-needed humanitarian aid passed out may not only offer a little comfort but also hope for a brighter future. With each piece of donation we are delivering hope to move forward and letting the survivors know that the world cares and shares their pain." - Onur Kaygisiz, Go Dharmic Volunteer, Turkey

"The situation in Turkey and Syria is apocalyptic. Every act of kindness and support makes a huge difference to families who have been devastated." -Hanuman Dass, Founder, Go Dharmic

It is a widely known fact that two-thirds of Syrians have been displaced from other parts of Syria

and about 80 percent of these people have been displaced before between six and twenty-five times. As a result, Go Dharmic is going to continue fundraising to support this cause, and raise their initial goal of £5000 to £15,000 in the coming weeks to go directly to efforts in the area. The charity feels with sub-zero conditions and rescue operations still in progress, there is no time to lose to preserve and help lives in the regions.
