LigaData Acquires Veloce Cloud Computing to Expand Their Cloud AI Product and Services Offerings

LD's unified data fabric leveraging big data, cloud and AI tech will enable telcos to drive cloud transformation initiatives across hybrid-cloud environments.

BARCELONA, SPAIN, February 28, 2023 /EINPresswire.com/ -- LigaData Acquires Veloce Cloud Computing to Expand Their Cloud AI Product and Services Offerings
Ligadata's unified data fabric leveraging big data, cloud and AI technologies will enable network operators to rapidly drive cloud transformation initiatives across hybrid-cloud environments.

Mobile World Congress, Barcelona, Spain (February 28th, 2023) - LigaData, a company that specializes in providing

"Together, we will create future proof solutions that meet the evolving needs of businesses in today's data-driven economy as well as accelerate our time-to-market in enabling our customer's path to cloud transformation".

data analytics solutions for mobile operators, has recently acquired Veloce Cloud Computing, a Seattle-based cloud AI company. This strategic move emphasizes LigaData's commitment to innovation and delivering exceptional customer value.

Veloce Cloud Computing is a startup focused on building AI models that dynamically optimize analytical workloads and building products that utilize these models across multi-cloud and hybrid environments. The Veloce team has worked on optimizing such solutions to focus on cost efficiency as well as providing optimal data experiences.

"We are very happy to announce the acquisition of Veloce Cloud," said Bassel Ojjeh, CEO of LigaData, "We believe that Veloce Cloud's technology and expertise will be a great addition to our company, and we look forward to integrating the two teams. Together, we will create future proof solutions that meet the evolving needs of businesses in today's data-driven economy as well as accelerate our time-to-market in enabling our customer's path to cloud transformation".
