Inspired by a mother using a baby powder to help repel sand on the beach, Josh Morgan and Josie Juncal envisioned a better way to keep sand at bay. They joined forces to make their dream a reality. With the help of Cosmetic Chemist and Formulator [Vincenzo Spinnato](#), they created SANDSCREEN™, their first product, and subsequently founded the beach care company Shakalo.

California resident Laura White says, "Since moving to a beach area, SANDSCREEN™ has revolutionized our lives! It's incredibly effective and has saved me from having to vacuum my car each week. I even use it on my dogs' paws and bellies to keep them clean!"
