Koenig, President and Chief Executive Officer of the DCRO Institute. "Ken and I came to know each other during his leadership of PRMIA, and I have always appreciated his thoughtful leadership in advancing the risk practice globally," he continued.

The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.

"I would like to thank the DCRO Institute and all of the lecturers that have put together this comprehensive program," said Mr. Radigan. "I enthusiastically support this program and recommend it to any board director or chief risk officer."
