Framework Science Welcomes Industry Technology Maven, Sue Bergamo, to its Technical Advisory Board

Sue Bergamo brings 20+ years of information and security leadership to Framework Science's Technical Advisory Board, driving innovation and growth.

BOSTON, MASSACHUSETTS, UNITED STATES, March 1, 2023 /EINPresswire.com/ -- Framework Science is thrilled to announce the addition of Sue Bergamo to its Technical Advisory Board. Sue brings the team over two decades of senior leadership experience in information and security to the team.

Sue has served as a Strategic Advisor, CIO, and most recently as CISO for Precisely. She is passionate about gender equality in tech and strongly advocates for women in technology. Sue holds a Bachelor of Science in business management from Post University in Connecticut, a Master of Business Administration from Boston University, and a Master in Security from UMASS.

Framework Science Nearshore software engineering company

Sue Bergamo's appointment to the Technical Advisory Board of Framework Science significantly boosts the company. Her extensive experience in information and security leadership will undoubtedly help Framework Science to build and innovate in the industry. She brings to the table her leadership experience, knowledge of cybersecurity, and advocacy for gender equality in tech.

"We are excited to have Sue join our Technical Advisory Board," said Lonnie McRorey, CEO of Framework Science. "Her expertise and leadership experience in the field of information security

will be invaluable to our team as we continue to build and innovate in the industry."
