“Unlike what happens in Germany, we thought about bringing a mix of rock styles to Brazil. And that was made very clear in the complete grid that we have just announced. Add to this all the experience that we will ‘import’ from the 25 years of the German festival, a friendly space for the whole family, easy access, activities and attractions in addition to the shows, unforgettable gastronomic experiences, we are sure that the public will want to return in 2024,” says Rick Dallal from Free Pass Entertainment.

As traditionally happens in European festivals, the public will be able to enjoy a unique atmosphere that goes beyond the concerts themselves, providing an unforgettable experience. Therefore, the Summer Breeze Open Air Brazil mega event will feature:

"It is time for Brazil to be, through São Paulo, the second world home of the Summer Breeze brand. São Paulo is a city that breathes rock, where rock concerts have always been sold out since the 90s. We expect more than 30,000 people at this event, which adds positively to the capital city. We are very happy that we can bring the best rock festival from Germany here. And it's here to stay!" adds Claudio Vicentin, Roadie Crew.
