SANTA ANA, CA, USA, March 7, 2023

/EINPresswire.com/ -- [Bravo Tea](#) is starting the year off with some great achievements as well as some new opportunities to grow its brand. From winning industry awards, to launching a new line of mushroom teas, here's the latest update.

## "BRAVO" FOR BRAVO TEA'S LATEST AWARDS

Delicious Living Magazine, a trusted health and wellness resource for more than 35 years, announced the winners of its 13th annual Beauty & Body Awards. Each year, Delicious Living selects the top natural products to educate consumers on the most trusted beauty and body-care products in an increasingly saturated market.

“

Because we have such rich resources of wildcrafted herbs grown on our own farms, we were able to create a line of mushroom teas that are delicious and of the highest quality.”

“These awards are given to natural beauty and body-care products that demonstrate integrity, inspiration, and innovation for good within the natural product industry.” said Ellen Wheeler, vice president of sales of Delicious Living. “They are recognized as a symbol of excellence among consumers, influencers, industry peers, media, buyers, retailers, suppliers and health practitioners.”

Bravo Tea received a Gold Retailer Choice Award for its Hair Regrowth tea, which also received a Silver Consumer Choice Award. Bravo's Clear & Smooth Skin tea received a Bronze Retailer Choice Award. All Bravo Teas are crafted with genuine traditional herbs. These products are Non-GMO Project Verified, gluten-free, caffeine-free, with natural flavoring. No dyes or artificial flavors are ever used. The authentic blends are unlike any other on the market today.

NEW MUSHROOM WONDERS TEAS NOW AVAILABLE

Bravo Tea has also recently launched an entire line of mushroom teas that are already gaining in popularity. In the world of natural products, mushrooms as key ingredients in food and beverages are nothing new; however, the trend is escalating in 2023, becoming even more mainstream. And there's good reasons for that. Mushrooms offer a variety of benefits due to their culinary and therapeutic properties. And Bravo's mushrooms are sustainably grown in native habitats for the maximum potency and purity Mother Nature can offer.

James Liu, founder and CEO of Bravo Teas comments, "Because we have such rich resources of wildcrafted herbs grown on our own farms, we were able to create a line of mushroom teas that are delicious and of the highest quality. Bravo Mushroom Wonders teas are extremely unique since we incorporate both the raw mushroom AND the mushroom extract to boost the potency and flavors."
