Delia Passi, Founder of the Women's Choice Award and leading consumer advocate for women says, "Women carry the burden of finding the best doctors for her and her family. We have helped millions of women find the Best Hospitals, Mammogram Centers, Breast Centers, and Nursing Homes for a dozen years and it's time we help her find the Best Doctors". Earning the Women's Choice Award is particularly challenging as it entails meeting specific criteria points as indicated in a national survey by women across America. And as research shows, women are the chief healthcare officers of the household, and have the highest expectations of their providers- as they should.
