out of hundreds of entries in three categories for its ability to not only detect fraud but prevent it.

“

"We are humbled by this recognition for our platform as we continue on this journey to catch the fraudster before the fraud occurs." "

Bill Bruno, CEO of Celebrus.

Winning categories:

- Best Fraud Prevention Platform Celebrus
- Best Cybersecurity Company- Europe
- Fraud Data Platform for Financial Institutions

"The team takes great pride in the software we have created to protect consumers and brands from digital fraud, and we are humbled by this recognition for our platform as we continue on this journey to catch the fraudster before the fraud occurs," said Bill Bruno, CEO of

Celebrus.

Celebrus uses patented technology to prevent fraudulent transactions. Celebrus for Fraud can be applied to any industry to prevent fraud behind the scenes to allow a positive customer experience. Celebrus for Fraud uses 13 behavioral biometric indicators that are compared against a user's normal behavior to detect anomalies as a user is interacting with an application or website. Together those indicators allow a brand to set and deploy a Trip Wire that stops fraudulent transactions from occurring.
