

# Newsweek Ranks MTI Among the Top 600 Greatest Workplaces in America for Women 2023

*World celebrates March 8 International Women's Day*

HILLSBORO, OREGON, USA, March 8, 2023 /EINPresswire.com/ -- [MTI](#) (Mobile Tech, Inc.), was featured today in [Newsweek's](#) top 600 workplaces for women. The rankings are based on a sample of 37,000 female employee reviews of 224,000 American companies across all industry sectors. The study, conducted by Plant-A Insights Group, identified the top organizations that foster career growth, pay equity and diversity. The company received a 4-star rating for its commitment to diversity.

In the 112 years since the earliest version of International Women's Day, the issue of women's rights has become a galvanizing force in society — and a transformative one. Despite the undeniable progress that women have made in all facets of life, true equality remains an aspirational goal. This year's theme—[#EmbraceEquity](#)—is deeply important to women and their employers.

"MTI is committed to elevating women within the workplace, and to provide a culture where they can thrive," said Mary Jesse, CEO of MTI.
