BOULDER, CO, USA, March 8, 2023 /EINPresswire.com/ -- According to the U.S. Census Bureau, in 2020, working women earned 83 cents for every dollar compared to their male counterparts. Boulder-based, internationally acclaimed speaker [Dr. Kelly Martin Schuh](#) is alarmed by this statistic and is on a mission to transform female entrepreneurs and businesswomen globally to help them magnetize success and close the equity pay gap in the workplace.

In honor of International Women's Month in March, Dr. Kelly is hosting a three-day, in-person, women-only immersive business experience known as '[Living the Limitless](#).' The three-day event will take place March 17-19, at The Dairy Arts Center, located at 2590 Walnut Street in Boulder, Colorado. The entire program is designed to help women reduce money fears, reclaim feminine power, and help them rewrite their business narrative.

One of our featured guests include nationally known Bobbie Casalino Lewis, a style and expressions expert who will provide three lucky women a transformational makeover. support, professional attire, and career development tools to help women thrive in work and life.

"When I ask women about what's holding them back in the business world, I always hear that they are disappointed they are not further along in their careers, despite all the money and time they have invested in courses, masterminds, and personal growth seminars. These are successful, top coaches, consultants, and visionaries who cannot seem to surrender and receive more money and magic – the joy in life," explains Dr. Kelly. "In the three days we have in Boulder, we will prove that scarcity is an illusion and how 'Living the Limitless' is possible and attainable."

The schedule of events is as follows:

- Friday, March 17th: **RELEASING MONEY FEARS**. Attendees will transform their relationship with money and determine their worth by stopping the roller coaster, allowing for peace and prosperity.
- Saturday, March 18th: **RECLAIMING FEMININE POWER AND WORTH**. On the second day, attendees will command their power and break free from income, impact, and influence limitations.
- Sunday, March 19th: **REWRITING THE 'LIVING THE LIMITLESS' STORY**. Attendees will take a Shaman's journey and unleash their story to begin living now.

"The three days are an active experience versus sitting in an auditorium listening to speakers. We will empower women to redefine success as they command their worth, collaborate, and conquer challenges together in sisterhood. That's what 'Living the Limitless' is all about!" adds Dr. Kelly.
