

iDVI powered by Autoflow partners with Performance Administrators, Inc. to speed up the claims adjudication process

DALLAS, TEXAS, UNITED STATES, March 8, 2023 /EINPresswire.com/ -- Autoflow announces its partnership with Performance Administrators, Inc. to provide a state-of-the-art, virtual inspection platform used to expedite the claims adjudication process. Performance Administrators, Inc. is a premier marketer and administrator of medium and heavy-duty vehicle protection products.

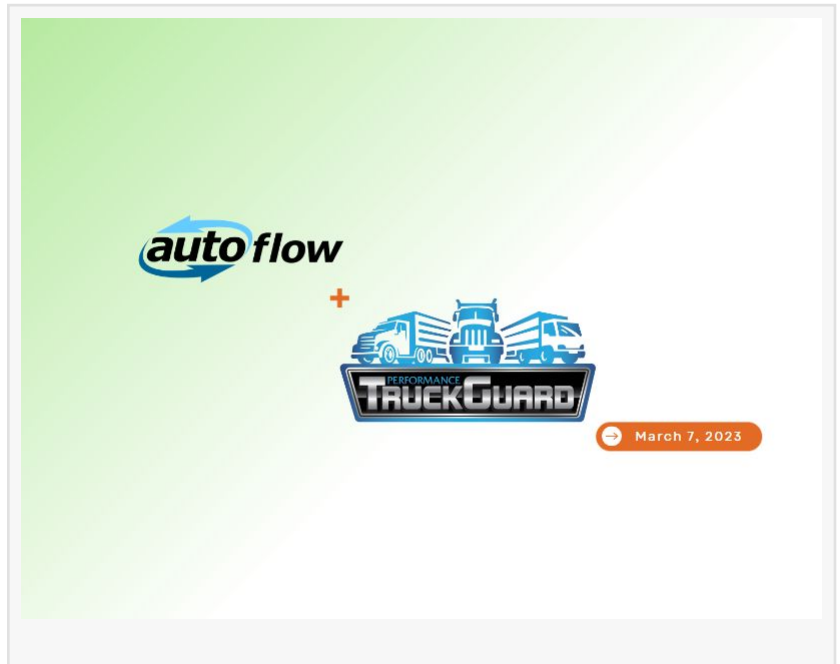

“Our dealers and repair facilities love using iDVI. It’s intuitive, easy-to-use, and the results are real-time,” explains Rob Davenport, president of

Performance Administrators, Inc. “We’ve been able to reduce claim times by as much as 70%, getting our drivers back on the road quickly. If you’re looking for a way to immediately and dramatically improve the efficiency of your current claims adjudication process, I highly recommend iDVI.”

Compared to traditional inspection methods, which can take days, accumulate costs, and frustrate customers, [Autoflow’s iDVI](#) achieves inspections in just a few simple steps within minutes and at a fraction of the cost. In addition, iDVI reduces fraud and improves loss ratios.

“It’s with great pride that we get to announce our partnership with Performance Administrators, Inc. They are a fantastic company with a great reputation in the industry. Last year produced some really amazing results for our clients. Inspections were turned around in hours vs. days, and the savings are up to 80%. I’m excited for Performance Administrators,” shares Scott Smyer, Autoflow’s senior director of business development, who brings 14 years of experience as a SaaS provider in the F&I warranty administration space.

In addition to the virtual claims inspection platform, Autoflow delivers digital solutions for workflow management, [communication](#), [vehicle inspections](#), work orders, quality control, and rewarding customer loyalty. Autoflow focuses on streamlining everyday processes to help clients
