Personalized E-Helmets™

Riders can choose the size and color of the main shell, trim, and strap. If a customer can't find the perfect color on the website, he or she may contact our sales team with an ideal color code for an extra customized helmet.

EBC Custom Helmet Features include:

Integrated front & rear lights with flashing modes

An easy magnetic buckle (pinch-free!)

8 cooling air vents

A custom rear headlock retention dial enabling the perfect fit

Vegan leather straps

Fully rechargeable lights with a USB-C cable provided, with a 2-hour double-light run time from a full charge, and complete recharge in 45 minutes

CPSC-certified and safety-approved.

2 sizes (Small/Medium & Medium/Large)

Over the past 10 years, [ELECTRIC BIKE COMPANY](#) has earned its reputation for producing the

best American-made, custom-built electric cruisers in the world. EBC does so by using the highest quality globally sourced materials and components utilizing talented local bike builders, and inspecting and testing every e-bike in its Southern California factories before delivering it to the customer's door, fully assembled.
