*Stirling CBD released its newest Delta 8 & Delta 9 Sleep Gummies, designed to help you get a great night's sleep.*

APEX, NC, UNITED STATES, March 15, 2023 /EINPresswire.com/ -- Stirling CBD, a leading retailer of natural hemp-based products, is excited to announce the launch of our newest Delta 8 and [Delta 9 Sleep Gummies](#). The new gummies come in a delicious strawberry & watermelon flavor designed to help promote relaxation, restfulness, and well-being.

A recent study (<https://www.apa.org/topics/sleep/deprivation-consequences#:~:text=In%20fact%2C%20Dinges%20showed%20that,and%20other%20cognitive%20functions%20suffer.>) by American Psychological Association states that limited sleep—about four hours per night—created brain deficits just as severe as those seen in people who hadn't slept at all for three nights. As sleep deprivation continues over time, attention, memory, and other cognitive functions suffer.

The research indicates that Delta 8 and Delta 9 cannabinoids are effective at promoting relaxation and helping to support healthy sleep cycles. The new gummies are an effective, convenient way to get these natural cannabinoids into the system when needed.

They are easy to take, have a delicious flavor, and are made with all-natural ingredients. Our gummies are non-GMO and gluten-free, so you can be sure you are getting only the highest-quality product.

Our Delta 8 and Delta 9 gummies provide several benefits that make them stand out from other products. The research shows that THC and other cannabinoids found in the hemp plant offer therapeutic benefits through their interaction with the human endocannabinoid system.

Cannabinoids like Delta 8 and Delta 9 promote relaxation, reduce stress and anxiety, and alleviate sleep problems. In addition, the gummies offer many health benefits and have just enough THC to slow your mind down so you get the sleep you want. It makes them an excellent choice for those looking for a safe and natural way to achieve relaxation and restfulness.
