

Exhibiting at SXSW: LASO Health Launches Innovative Healthcare Platform LASOPlus to Empower Patients and Providers

Platform Reinvents Healthcare Management by Empowering Patients to Take Control of Their Health by Making Healthcare More Accessible, Efficient, and Effective

AUSTIN, TX, UNITED STATES, March 9, 2023 /EINPresswire.com/ -- [LASO](#)

[Health](#) (LASO), has launched a new online platform that connects patients with healthcare providers, removing the barriers that prevent people from receiving the care they need. The new collaboration with Walmart Health Virtual Care further expands LASO's services, enabling patients to access a range of healthcare services from anywhere, anytime. This innovative collaboration is a game-changer for healthcare access in the United States.

LASO Plus provides telehealth access nationwide for primary care, urgent care, and behavioral health services combined with LASO's discounted prescriptions. LASO Plus offers unlimited visits with no copays, making healthcare accessible to everyone.

The company's mission is simple, healthcare should be convenient and affordable – period! The platform allows everyone to book appointments anytime, anywhere. Whatever and however they choose, the user is always in control. At less than \$1 per day, medical providers nationwide are available as often as needed, because there are no restrictions to the number of appointments a patient can set. And because it's not health insurance, there are no co-pays, no surprise bills, and no limits!

"We believe that healthcare should be centered around the patient, and our platform is designed to empower patients to take control of their health," said Founder, Dr. Hamed Mizani. "By providing patients with easy access to healthcare services and personalized health recommendations, we hope to improve patient outcomes and create a more efficient healthcare system."

LASO Health is committed to protecting patient privacy and data security. The platform uses

state-of-the-art encryption to ensure that patient data is secure and confidential.

The LASO Plus platform is now available to patients and providers across the United States. To learn more about LASO Health and its innovative healthcare platform and products, visit www.LASOhealth.com.
