The sci-fi fiction collection Cwej: Down the Middle returns with an improved 2nd edition for new readers.

ELKHART, IN, UNITED STATES, March 9, 2023

/EINPresswire.com/ -- Cwej: Down the Middle established itself as a unique journey in science-fiction, and now it's back in a new and updated edition from Arcbeatle Press on March 21st, 2023. Featuring new art, and corrections to the original edition, this is the definitive version of the story. "It's how I always wanted Cwej: Down the Middle to be experienced," said the book's editor and creative force, Hunter O'Connell.

Down the Middle follows the adventures of Chris Cwej, a former companion of the seventh incarnation of the interstellar traveler "the Doctor," from BBCtv's Doctor Who, now going on his own journeys with his very own companions Larles and Kwol. "While Chris was always a golden retriever puppy type of character in the past, with pure, innocent, sweet, but very dumb energy, here he's more like a puppy who was saved from a dog fight. He's hurt, he's untrusting. And it will take a long time for him to get back to where he was," said O'Connell.

These journeys take the form of stories from writers such as Simon Bucher-Jones (Doctor Who: The Death of Art), Jeffrey Koval (EverymanHYBRID), James Wylder (WARS, 10,000 Dawns), James Hornby (UNIT), and the creator of Cwej, Andy Lane (Doctor Who: Original Sin) alongside many fresh voices. Down the Middle focuses on dramatic storytelling, with each tale bringing something new to the book. "Getting to dig into these characters, and push them in new directions while building towards the book's climax was exciting. It was an artistic collaboration I still treasure," said writer James Wylder.

This new edition of Down the Middle marks the beginning of more adventures for the character, with further tales on the way. "I'm proud to be part of breathing new life into the book, with its
