Top Companies in the Blood Screening Market includes:

- BD
- · Beckman Coulter, Inc.
- Thermo Fisher Scientific Inc.
- Siemens
- Bio-Rad Laboratories, Inc.
- Abbott
- F. Hoffmann-La Roche Ltd
- · Grifols, S.A.
- Ortho Clinical Diagnostics

Blood Screening Market Segmentation:

Technology:

- o Nucleic Acid Test (NAT)
- o Enzyme-Linked Immunosorbent Assay (ELISA)
- o Western Blot Assay
- o Next-Generation Sequencing (NGS)
- o Rapid Tests
- Product and Service:
- o Reagents and Kits
- o Instruments
- o Software and Services
- End User
- o Hospitals
- o Blood Banks
- o Others
- Region
- o North America
- o Europe
- o Asia Pacific (APAC)
- o South & Central America
- o Middle East & Africa

The major players in the Blood Screening industry is covered in this report by report, their market share, product portfolio, company profiles. Key market players are analyzed on the basis of production volume, gross margin, market value, and price structure. The competitive market scenario among Blood Screening players will help the industry aspirants in planning their strategies. The statistics presented in this report are an accurate and useful guide to shaping your business growth.

The reagents & kits segment showcases the high growth of the blood screening market: Based on product & service, reagents & kits can be attributed to accounting highest market share during the analysis period due to their high accuracy for blood testing coupled with the cost-effectiveness for customers. Despite the lower cost of reagents & kits as compared to instruments, higher volume consumption of these for tests is responsible for the dominant share of the segment in the market during the forecast period.

Important Elements from Table of Contents of Global Blood Screening Market:

- Blood Screening Market Overview
- Global Blood Screening Market Competition, Profiles/Analysis, Strategy
- Global Blood Screening Capacity, Production, Revenue (Value) by regions (2022-2030)
- Global Blood Screening Supply (Production), Consumption, Exports, Imports by Region (2022-2030)

- Global Blood Screening Market Regional Highlights
- Industry Chain, Sourcing Strategies and Downstream Buyers
- Marketing Strategies Analysis, Distributors/Traders
- Market Influencing Factors Analysis
- Market Decisions Relevant to Current Scenario
- Ex Global Blood Screening Market Outlook
- Case Study
- Study Findings and Conclusions

Recent strategic developments in the blood screening market

The blood screening market has undergone several significant developments, and a few of these have been mentioned below:

- In June 2021, Grail, an American biotechnology and pharmaceutical company, launched the Galleri blood test, the company's innovative multi-cancer screening diagnostic capable of detecting multiple types of cancers. This test will help the company in the diagnosis of approx 50 million people after its launch and pursue a full FDA approval by 2023.
