ROCHESTER, NY—Introducing a new and improved twist on the old refrigerator magnet—StoreSMART's Magnetic Corners.

ROCHESTER, NY, UNITED STATES, March 28, 2023 /EINPresswire.com/ -- Introducing a new and improved twist on the old refrigerator magnet—[StoreSMART's Magnetic Corners](#). With strong magnetic strips and reinforced vinyl edges, Magnetic Corners can be easily configured to display just about anything you can think of, in any size, on any magnetic surface.

"It's so much better than hanging things with flimsy refrigerator magnets," says StoreSMART founder Reenie Feingold.

"And unlike standard frames and sleeves, Magnetic Corners are adaptable to almost any use, from a changing refrigerator art gallery to office and warehouse whiteboard updates. They can hold items as large as 18" x 24" sheets, as small as business cards, as skinny as gift certificates, or as square as birthday invitations."

“

Perfect for odd sizes like business cards and gift certificates, and they won't fall off your fridge!"

appointments; Frame it with black and blue or see the entire image with crystal-clear corners.
