“The school is charming and has some interesting throwback glimpses to its history with separate Boys and Girls entrances,” said Bob Dann, Auctioneer and Executive Vice President of Max Spann Real Estate & Auction Co. “The

location just off Routes 40 & 55 is ideal and the rear yard looks out at expansive farmland.” This is an exciting opportunity for individuals or organizations seeking a prime location in Gloucester County, NJ. With the potential for a wide range of uses, the former Lake School could serve as a community center, office space, or even a residential property.

Franklin Township is a unique community with a strong commitment to preserving its natural beauty and rural character. With 56 square miles, it is the largest township in Gloucester County and one-third of its land is within the Pinelands National Reserve, where development is strictly limited. In 2004, the Township Committee approved a comprehensive master plan to guide development in a responsible and sustainable way, preserving open spaces and promoting economic growth in designated areas. The former Lake School property is well-positioned to benefit from this balanced approach to development, providing an opportunity for adaptive reuse that aligns with the Township's long-term vision for its future.

Interested parties are invited to attend the property previews on Thursday, March 16th and Wednesday, March 22nd from 12-2 pm to view the building and grounds. The Online Auction will conclude on Wednesday, March 29th at 11:00 a.m. To receive the Property
