Ricci is currently starring in the Netflix series Wednesday and will return for the highly anticipated season 2 of Showtime's Yellowjackets on March 24. If you're wondering

why you've seen Ricci everywhere, Wednesday, now Netflix's second most popular English-language television series ever, has amassed more than 1 billion hours viewed since its November release.

"When someone comes to you and says, 'This is a really strange character. Nobody seems to get her. Can you use your insight and intelligence to figure her out?' I think it means I have an understanding of humanity and an observational ability. I'm proud of that," says Ricci. "I enjoy playing characters that if you didn't have a sideways way into it, you wouldn't be able to do it."

On location at a stunning new Bel Air residence in Los Angeles, Royal Gilbert shot stunning and sexy images of Ricci, styled by Juliana Schiavinatto in the best of spring's fashion looks and over-the-top jewelry.
