Surge in penetration of fast food restaurant chains such as Subway, Taco Bell, Pizza Hut, and Domino's, preference of people to have fast food in restaurants, hotels, cafés, and others, and rise in social events and gatherings drive the global disposable cutlery market. However, the closure of restaurants, food chains, and others caused the market to setback in 2020. Based on region, Asia-Pacific held the largest share in 2021, contributing to nearly two-fifths of the total disposable cutlery market share.

The disposable cutlery market size is expected to grow due to the rise in penetration of fast food restaurant chains such as Subway, Taco bell, Pizza Hut, and Domino's. Nowadays people have shifted toward fast food as it is ready, easily available and tasty. According to the National Center for Health Statistics, youth is more fast food driven and 36.6% of the population consumes fast

food in a given day. The rate of buying fast food also increases with rising in purchasing power of an individual or family. There is an increase in demand for fast food as it is tasty and easy to consume. There is an increase in demand for disposable cutlery due to the preference of people to have fast food in restaurants, hotels, cafés and others. Increasing awareness about infectious diseases which can be caused by repetitive use of cutlery also boosts the disposable cutlery market size. There is a huge increase in takeaway culture as it is a benefit for both the restaurant owner and customer as the owner does not need huge space and customers can enjoy the meal at their home. Moreover, takeaway culture has increased over the years as people got busier day by day. Along with this, the online food delivery system has worked the same way fuel works for the fire. Now people need not go anywhere, they can get the food by just sitting at home. Due to these facilities, takeaway culture has increased at this rapid pace. Growth in the busy life of the global population fuels the demand for the market as people do not need to do the chore of cleaning the cutlery which saves their time.
